GenProcure

Gender Inclusion in Public Procurement

GENPROCURE will address gender equality in public procurement. This URBACT Action Planning Network is co-financed by the European Regional Development Fund and aims to promote gender equality through working purchases, supplies and services of the public sector, meaning that both suppliers and buyers include, in the agreed contracts, environmental and social criteria and a part that concerns the interests of men and women in reducing gender inequalities and aware the target audience to change attitudes and behaviours.

GenProcure

Jämställdhet i offentliga upphandlingar

Projektet GenProcure är ett nätverk i URBACT Action Planning Network som samfinansieras av Europeiska regionala utvecklingsfonden och syftar till att främja jämställdhet vid upphandling av varor och tjänster inom den offentliga sektorn. Det innebär att avtalsparterna inkluderar miljömässiga och sociala kriterier i sina kontrakt, såväl som kriterier som påverkar mäns och kvinnors intressen att minska ojämlikheten mellan könen, samt öka medvetenheten hos målgrupperna om att förändra attityder och beteenden.
